Managed by Children's Home Network

**1271 Kingsway Road
Brandon, Florida 33510**

Hours: Monday—Thursday: 9am to 6pm
Friday & Saturday: 9am to 1pm

Students explore the physics of optical illusions. They learn how our eyes can trick our brains as a twisting coil climbs up and down without moving, and a towel turns into a dog! Students manipulate flexible mirrors and explore the world with inverted vision. Hands-on laminates provide students the opportunity to create their own illusions. Students try out classic mirror illusions in class.
