Mr. Baker's big, fat, chewy, chocolate chip cookie has been sabotaged and his recipe has been stolen. We need your help to catch the perpetrator!

Children will discover how science is used to solve real crimes! Watch as the classroom is transformed into a crime lab for this exciting exploration of the fundamentals of forensics including analyzing fingerprints and teeth impressions. It's so much fun, its criminal! Spaces are limited! Parent/guardian must remain at the Center while workshop is taking place.
